- Professional Practice (CEE 440) 2cr
  - CEE 440 taken SPR Qtr. of junior year.

**Technical Electives (TE) (15 credits)**

- Technical Electives are CEE 400-level courses that provide students with in-depth knowledge and design experience.
- See BSENVE Technical Electives list for details.

**Engineering & Science Electives (E&S) (13 cr.)**

- BSENVE students are required to complete 13 credits of Engineering and Science Elective coursework. Included in these 12 credits, students must include an additional earth science course. See the BSENVE E&S Elective list for complete details.

**General Electives**

Additional credits to meet the 180 total required for the baccalaureate degree.

**Prerequisite Tips**

- Areas of Inquiry courses can also count toward Diversity and Additional Writing. Use MyPlan filters to identify courses.
- CEE Study Abroad opportunities are a great way to satisfy degree requirements.
