

Quick Guide to Reconciling ProCard in PaymentNet

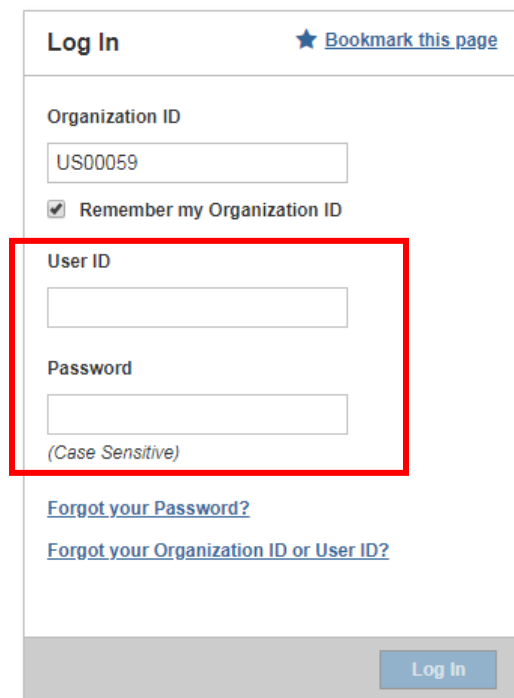

Reconciling your transactions directly in PaymentNet supports the department in timely assignment of charges to budgets. This guide will assist you in the online assignment of accounting codes (budget numbers and object codes), as well as adding use tax and entering a business purpose. The CEE Fiscal Office will continue to conduct a review of all transactions. **Supporting documents (detailed invoices/packing slips) are REQUIRED when submitting to the Fiscal Office.**

RECONCILING TRANSACTIONS

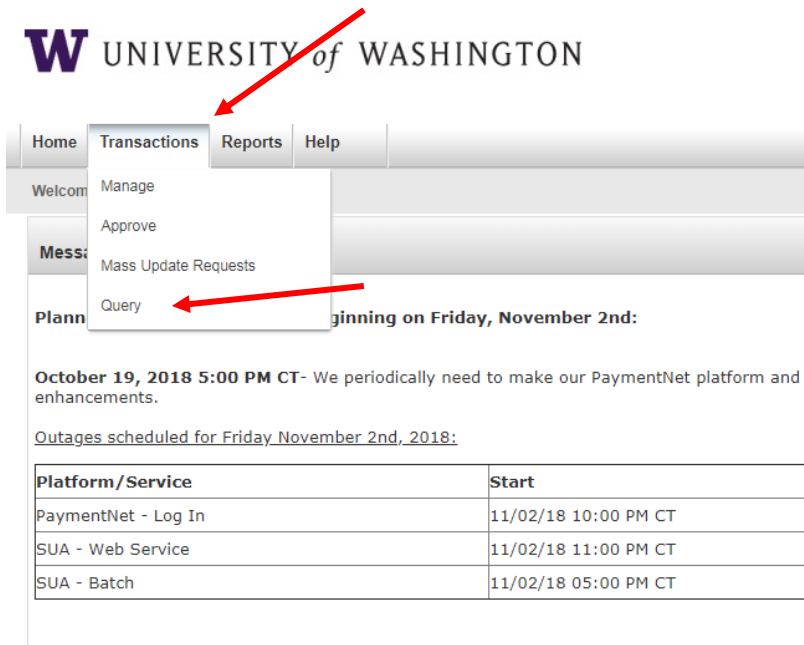

1. Go to Procurement Services website at: <https://finance.uw.edu/ps/>
2. Click on “ProCard Connect” login on the right bar

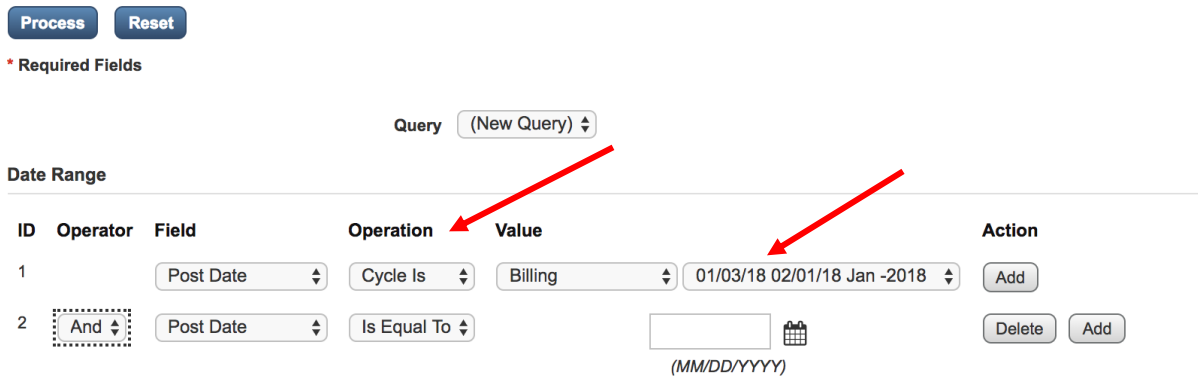

3. Log in with your credentials (this is not the same as your UW NetID credentials)

A screenshot of a login form titled 'Log In' with a 'Bookmark this page' link. The form has the following elements: 'Organization ID' field with 'US00059' entered; a checked checkbox for 'Remember my Organization ID'; 'User ID' field; 'Password' field with '(Case Sensitive)' below it; two links: 'Forgot your Password?' and 'Forgot your Organization ID or User ID?'; and a 'Log In' button at the bottom right. A red box highlights the 'User ID' and 'Password' fields.

4. Hover over "Transactions" – Click 'Query'

5. Change Date Range "Operation" to "Cycle Is" and select the billing cycle you are reconciling.

6. Under criteria, click the Delete button on the right

7. Click Process

Order By

ID Field Order Sequence Action

Nothing Selected. Add

Process Reset

A list of your transactions will pull up (example below).

Transaction ID	Cardholder	Reviewer	Rev II	Food Approved	Add Use Tax	Transaction Date	Post Date	Transaction Amount	Merchant Name	Cardholder Last Name	Cardholder First Name	Merchant State

10. Assign appropriate accounting codes:

Field	Description
Coll*	260 College of Engineering
Dpt*	2600006 Civil & Envir Engineer
Division*	260000600 – Civil & Envir Engineer
Bgt*	Budget will only display if org code field is complete and budget falls within that org code.
Obj Cd* S-Obj Cd* S-S-Obj Cd*	Review object codes and select appropriate code. Click here for a comprehensive list of object codes. Control-F on the website is helpful search tool. If unsure about what object code to use, ask the Fiscal Office.
Task/Opt/Proj*	<i>Optional</i>

11. Under Transaction Notes add the business purpose of the purchase and your last name (e.g. Registration for TRB Conference – Hanson”).

Transaction Notes

Registration for TRB Conference - Hanson

2960 characters remaining.

12. Click "Cardholder." Clicking cardholder signifies you have reviewed and agree the charge is appropriate, with the appropriate accounting codes applied.

NOTE: Do not click Cardholder checkbox if dispute has been filed, or if the transaction is being reviewed by JP Morgan's Fraud Department.

Transaction Custom Fields

- Cardholder

- Food Approved
- Add Use Tax
- Rev II

13. When to select the **Add Use Tax** box:

Review your detailed receipt/invoice. Did the vendor include sales tax?

- If sales tax was **included** → DO NOT check Add Use Tax box
- If sales tax was **not included** → CHECK the Add Use Tax Box
This happens most often when vendors are not from Washington, and have no responsibility to submit sales tax to Washington State. Clicking the Add Use Tax checkbox will add sales tax to the purchase, and the posting amount in MyFinancialDesktop will tack on 10.1% to the charge amount.

NOTE: DO NOT CHECK the Add Use Tax box when items are exempt from sales tax, or when sales tax has already been charged.

You can find a taxability list [here](#). Search by object code or item name, it will tell whether tax is applicable or exempt.

For more information on Sales and Use Tax for reconciling, click [here](#).

Lastly, email fiscal office at ceefisc@uw.edu with subject "PROCARD TAX QUESTION" with any questions.

14. Click "Food Approved" if the charge is food related and appropriate food approvals are in place.

Food Considerations

If you purchase food on a budget, you should use object code 03-75 and be sure to attach an agenda and attendee list with your detailed receipt.

Click [here](#) for more information.

- Rev II

15. Click "Save" (IMPORTANT!)

Clicking save will ensure your accounting codes, transaction note, and checkboxes update in the system. If you do not save and move from this screen, your information will be lost and data will revert back to the default.

16. Print this page and attach all supporting documents. **NOTE: Print page 1 only (unless it is a split budget)**

NOTE: THIS STEP IS REQUIRED FOR EACH TRANSACTION

17. Repeat steps 1-16 until all transactions for the month have been reconciled.
18. Once you have reviewed and assigned all transactions, run another query and sort by those without the checkmark under "Cardholder." If you find transactions without the checkmark, those accounting code assignments did not take (get saved) into the system, or they are new transactions that have just posted.
19. Once all transaction have been reconciled in PaymentNet, you will need to run a monthly report that is to be submitted with all supporting documentation to the Fiscal Office (see section *UW Transaction Detail with Notes & Accounting Codes Report*).

UW Transaction Detail with Notes & Accounting Codes Report

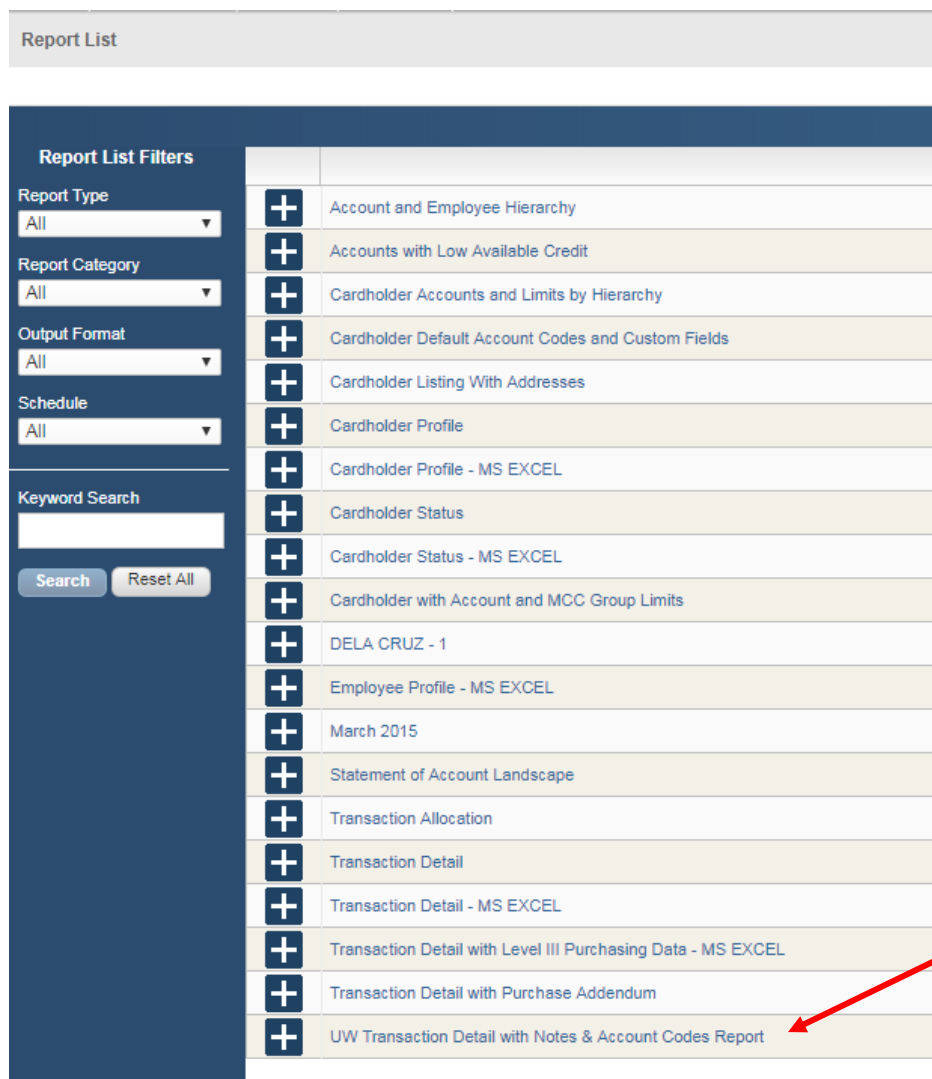

This report lists the purchases for each budget in order of object codes. It also shows the cardholder name, transaction date, merchant name, location, amount and any transaction notes included.

NOTE: This report should **ONLY BE PRINTED WHEN RECONCILIATION IS COMPLETED**. If you find transactions without notes, this means you did not click “save” when you were reconciling the transaction. You will need to go back and complete account code assignments and generate another report again for signature.

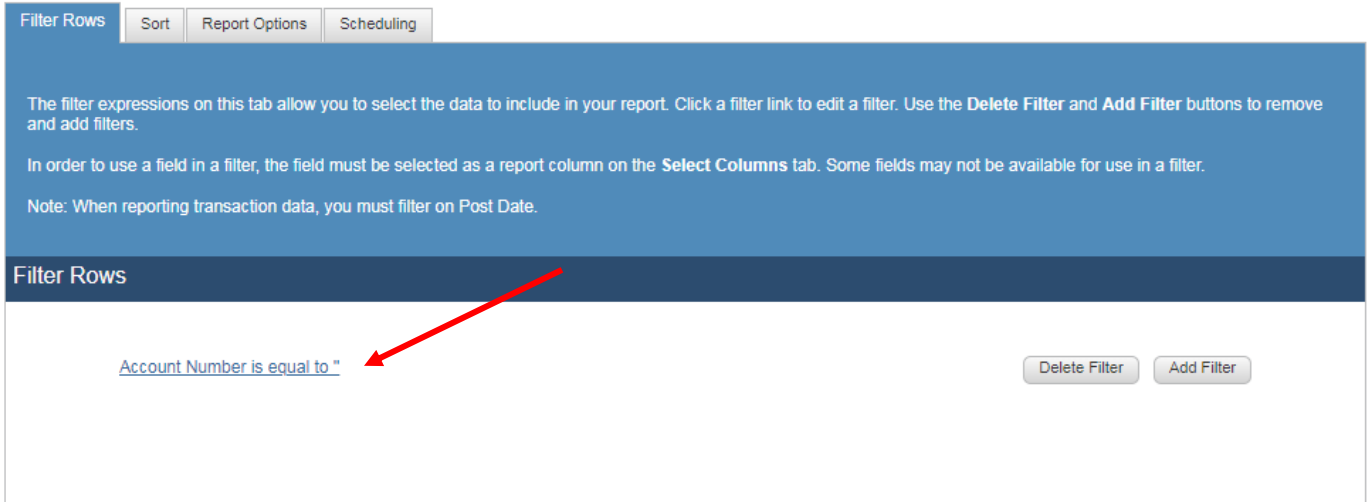

1. Under the Reports tab go to “Report List”.

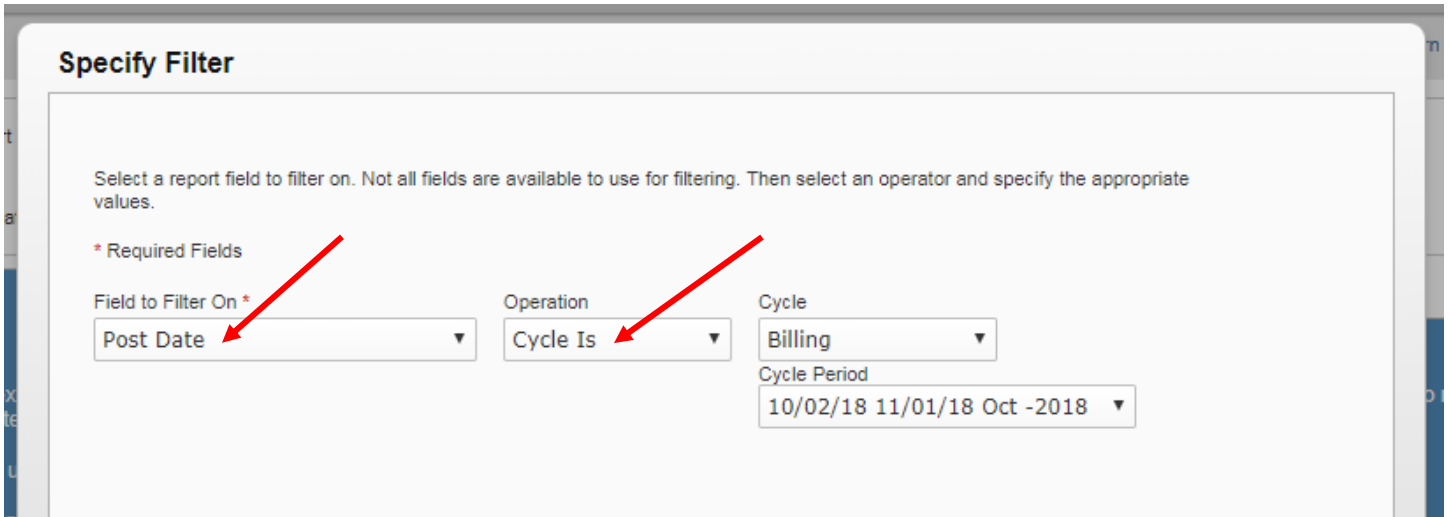

2. Find “UW Transaction Detail with Notes & Account Codes Report” and click on the name of the report (not the “+” symbol) to access the report.

A screenshot of the 'Report List' page. At the top, there is a header 'Report List'. Below it is a sidebar with 'Report List Filters' containing dropdown menus for 'Report Type', 'Report Category', 'Output Format', and 'Schedule', all set to 'All'. There is also a 'Keyword Search' field with 'Search' and 'Reset All' buttons. The main area is a table of reports, each with a '+' icon in a blue square on the left and the report name on the right. The reports listed are: Account and Employee Hierarchy, Accounts with Low Available Credit, Cardholder Accounts and Limits by Hierarchy, Cardholder Default Account Codes and Custom Fields, Cardholder Listing With Addresses, Cardholder Profile, Cardholder Profile - MS EXCEL, Cardholder Status, Cardholder Status - MS EXCEL, Cardholder with Account and MCC Group Limits, DELA CRUZ - 1, Employee Profile - MS EXCEL, March 2015, Statement of Account Landscape, Transaction Allocation, Transaction Detail, Transaction Detail - MS EXCEL, Transaction Detail with Level III Purchasing Data - MS EXCEL, Transaction Detail with Purchase Addendum, and UW Transaction Detail with Notes & Account Codes Report. A red arrow points from the bottom right towards the 'UW Transaction Detail with Notes & Account Codes Report' entry.

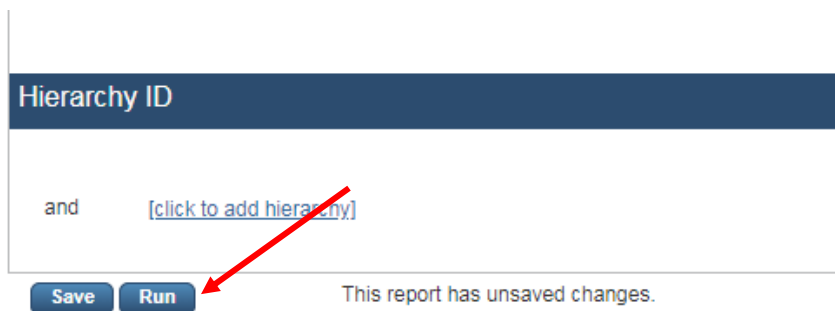

3. Under “Filter Rows” click on “Account Number is equal to” to access the search criteria.

- 4. Change *Field to Filter On** to “Post Date”.
- 5. Change *Operation* to “Cycle Is” and select the date range needed for your report at the far right.
- 6. Click “Continue.”

7. Then select “Run” report.

- To open your report, go to "Download" under the Report tab. If you receive a message indicating your changes will not be saved, please select "O.k." and you will be forwarded to the "Reports Download" page.

- When the status of your report has been updated to "Successful" click on your report under the new "Output" column to open and print your report. Do not click on your report under the "Name" column. This will re-route you back to create another report.
- Print Transaction Detail report, print name, sign and date. Get manager signature and approval and turn all ProCard packet in to Fiscal Office.

Item	Item Description	# of Units	Unit Price	Taxable	%	Total

1 of 168

Assigning multiple accounting codes (e.g. object codes, budgets) in PaymentNet

1. Go into Transaction Detail
2. Click "Add Lines"
3. Fill in number of lines (number of different accounting codes) (image below)

This will produce detail for transaction that looks like this:

Item	Item Description	# of Units	Unit Price	Taxable	%	Total	
1	Commercial Card Purchase	1.00	3.85	<input type="checkbox"/>	50.00	3.85	Delete
2	Commercial Card Purchase	1.00	3.85	<input type="checkbox"/>	50.00	3.85	Delete Add

4. Click on the left item column number or "expand all" to see the accounting codes detail. Fill in accounting codes detail including clicking "Cardholder," assigning org code, budget number, object codes, and clicking "add use tax," if applicable. Change the "Item Description" to budget number and object code. (see examples below). Click save.

5. Once completed and saved, collapsed lines should look like this:

Settlement Currency USD
Total \$7.70

Line Totals
100% \$ 7.70

Expand All Collapse All

Item	Item Description	# of Units	Unit Price	Taxable	%	Total	
▶ 1	75-1026 05-599	1.00	3.85	<input type="checkbox"/>	50.00	3.85	Delete
▶ 2	06-1026 05-599	1.00	3.85	<input type="checkbox"/>	50.00	3.85	Delete Add
